# PRESIDENT'S WELCOME MESSAGE

## Welcome Stranger!

Can you believe it's been 3 years since our last in-person conference?? I don't know about you but it definitely feels like it's been that long!

It is an understatement to say that the world is a different place today than it was 3 years ago. In our WOC corner of the world, our practices and our spirits have been tested by a potentially deadly pandemic where very few of us have been left untouched. We have witnessed unusual and unforeseen effects of a virus that directly impacted (and continues to impact) our practices. We have experienced monumental changes in our workplaces and staff; unprecedented nurse burn-out and turnover exacerbated by a chronic nursing shortage and an aging professional population. We have been challenged by a tidal wave of new faces on staff that require a level of our support and guidance heretofore unseen by anyone with more than 5 years of experience as a WOCN®.

Due to a tsunami of Covid patients filling our healthcare facilities the single global focus of treating those Covid individuals at the expense of other less urgent diagnoses and the unbearable economics of an overtaxed health system, our vendor/partners have experienced a forced transformation unlike anything seen in the past. Many companies that had partnered with us are now just a memory. The involuntary mergers, acquisitions, and requisite corporate evolution that has occurred resulted in fewer companies available for partnership and fewer options for us in the marketplace.

## Let's turn the page!

A professional conference is first and foremost for education, expanding practice, and networking. Over this past year the NER WOCN® conference planning committee purposely structured this conference in order to achieve those goals and more.

Having our first in-person conference after 3 years here at Kalahari is extremely fortunate! Why? We have a marvelous opportunity to mix in some on-site fun and relaxation (and for some, family time) with our education and networking.

We hope you enjoy the conference, the networking, the fellowship, the education, the collaboration, the food, and the fun.

We look forward to seeing you in 2023 here again at Kalahari!

Bill Falone, MSN, RN, CWON

# INDIVIDUAL EDUCATIONAL ACTIVITY EVALUATION + CERTIFICATES

## Individual Educational Activity Evaluation

Evaluation MUST be completed before **Tuesday, January 31, 2023**

The evaluation will then close, and you will not receive credit for any sessions you did not answer.

You may go back and make edits or changes to your Evaluation answers or "save your work" along the way live during the conference or doing OnDemand over several days. BUT you will need to initially answer NO to the sessions you have not yet evaluated and also click "Save My Answers/Submit" at the bottom to save your progress. Make sure to see the checkmark page to know it was saved.

Your evaluation will automatically be submitted on 1/31/23.

9 Live  
Credits

## Certificates

Each participant will receive an email in February with a link to your certificate. This is NOT auto-generated when you submit your evaluation as the credits have to be reviewed.

There is only ONE certificate that will cover both the live and OnDemand sessions. You can earn up to 15 credits.

Please save the PDF certificate to your computer or print for your future records as the link is only valid for 90 days. Paper certificates will not be mailed.

The live sessions are not being recorded and will not be available to view post conference.
